

Dear all

An ambition and dream is about to come true - in November and February I am starting up Buoyancy, a management course that benefits you right away.

Every entrepreneur encounters the same questions on the path of development. "Am I doing the right thing? Can I manage my time and my business better? How do I further develop my organization?".

Not to worry, after 28 years on the international business stage, I've learned this: the answers are as simple as they can be and never more complicated than they need to be. And I want to share them with you in the Buoyancy management course.

Buoyancy is:

- the development of you as a person, of your organization and of your strategy
- a series of 7 interactive day sessions in a small group of maximum 8 entrepreneurs
- working with practical solutions instead of theoretical models
- sharing questions, needs and concerns and supporting each other
- to help put everything into practice you get 12 consulting hours at the end that you can schedule when and how you wish

Themes:

- You as an entrepreneur
- Vision & mission
- Strategy, organization & structure
- Leadership
- Communication & management
- HR policy and climate
- Return day for evaluation and reflection

The following separate sessions can be organized on request:

- Figures made easy, reporting and monitoring
- Financial reporting, KPIs, investments and M&A
- Change management and anchoring
- Marketing and approach
- Trade unions - relationship and approach

Guidance:

[Thijs Brans](#) has more than 28 years of experience on the international business stage. In various high-level positions. Over the years he has successfully guided various teams, people, and organizations in the areas of leadership, communication, setting up organization and structure and general management.

On the day of module communication & management we will be joined by [Mil Rousseau](#) of Autonom. A renowned international coach with tons of experience, inspiration and advice.

Timing:

Good news - Buoyancy will start this year with a pilot session spread over 4 days instead of 7 (24/11, 08/12, 22/12 & 05/01). There are still three places available at a strongly reduced price s;-)!!! Contact me asap for more info.

In 2023 Buoyancy will start on Thursday, February 2, 2023 and then continues fortnightly in an inspiring location (7 sessions in total).

Included in training Buoyancy:

7 interactive day sessions (pilot in 2022 = 4 days)

12 Fundi consulting hours to apply the new insights into your business, to be used as you wish.

Inspiring location incl. lunch, hot and cold beverages

Places for Buoyancy are limited. Interested in developing yourself further? Then contact me at 0476 78 03 75 or at thijs@fundi.be.

Thijs Brans,

KMO portfolio registered for advice and training, further info to be found [kmo-portefeuille](#)
